

Award: Sub-Contractor

Overview

Be sure to read each section carefully.

The RDCA Awards Committee is comprised of a cross section of construction industry experts. The competition is comparative, using a point system to assist in the comparisons. A project entry can earn a total possible score of 100 points.

Submit via the online form on the RDCA website. The different evaluative sections and their point values are listed below. Answers to questions should be clear and succinct as directed.

Note: Any project information you want to include does NOT have to be built in the Central Alberta region. The award is given to the RDCA Member Company.

Company Description (30 points)

- Provide a description of your company (maximum 350 words). Include a brief history and the owners involved, your staff, relationships within the industry, awards and/or recognition and community involvement).

Work Scope (Choose ONLY one of the 3 below) (35 points)

Pick one and only one of the following to write about a project from the past year worked on.

- 1) Indicate any special obstacles/challenges that you overcame in completing a project during the 2023 year.
- 2) Describe any positive aspects encountered in completing project during the 2023 year.
- 3) Describe any opportunities you provided to the local community completing project during the 2023 year.

Photographs (10 points)

Submit 10 quality photographs of the project (jpg format/png. format).

To obtain maximum points, provide "in progress" photographs for new construction or "before and after" photographs for restoration, renovation and/or addition projects.

It is recommended to include photographs that are relevant to the challenges and solutions outlined in the narrative.

In the space provided on the form, provide a short, descriptive caption for each photograph.

Project Safety (20 points)

Companies displaying themselves as organizational leaders in demonstrating safety culture, making safety positive, encouraging engagement in health and safety and demonstrating leadership at the highest level. Submission of the companies' COR certificate, as well as other applicable certificates are required. In your description, describe a typical safety meeting and what your company does to follow safety protocols throughout a project.

References (5 points)

Include letters of recommendation from others (General Contractors, owners, or other sub-trades) involved with the project(s). A minimum of 1 is required.
