RDCA Women Build Present “golf” a new FOR FUN Tournament Open to Women in the Industry and Related Fields. RDCA events are always a success as a result of the great volunteers that help support us. We offer a number of options for our volunteers to participate, promote their companies and enjoy a fun day on the golf course.

**Included:**

- Networking with everyone who is involved with the golf tournament for the day.
- Ability to promote your business, products and services.
- Display your banner or sign on the hole that you are situated on.
- Access to a golf cart. (This will be reviewed at the time of the tournament)
- We feed you for FREE! (We are working on the details for this and will communicate this out closer to the date of the tournament)
- A day out of the office! And maybe a great Tan!
